**DETAILED ACTION**

1. An amendment was received from the applicant on October 5, 2009.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 34-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. Claim 34 recites the limitation "the nozzle position apparatus" in line 5. There is insufficient antecedent basis for this limitation in the claim. The applicant has provided antecedent basis for "a nozzle control apparatus" in line 3 of the claim.
5. On lines 5-6 of Claim 34, a method step is described as "setting a nozzle position command to a nozzle position apparatus command". It is unclear to the examiner how a "nozzle position command" and a "nozzle position apparatus command" differ from each other, since they appear to be identical commands if not the same command.

***Allowable Subject Matter***

6. Claims 1-33 and 44-59 are allowed.

7. Claims 34-43 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

8. Applicant's arguments with respect to claims 34-43 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
